NYU Langone’s dedicated team of subspecialists provides accessible, ongoing care for the unique needs of adults with congenital heart disease (CHD).

Individuals diagnosed with CHD have a specialized set of medical needs especially as they transition from adolescents into adulthood. Long-term sequelae such as arrhythmias, heart failure, atherosclerosis and hypertension, pregnancy complications, and need for re-operative surgery are critical areas of clinical support.

As the only program in New York State to be accredited by the Adult Congenital Heart Association (ACHA) as an Adult Congenital Heart Disease Comprehensive Care Center, we offer access to a full spectrum of services designed to expertly manage the ongoing care of these patients.

Learn more about our team, approach, and treatment options at nyulangone.org/adultcongenitalheart or call 646-501-0647.
MULTIDISCIPLINARY TEAM

Our comprehensive care team includes cardiologists, cardiac surgeons, radiologists, and nurses who are specially trained in the complex physiology and management of adults with congenital heart disease.

Clinical Cardiology

Dan Halpern, MD
Director, Adult Congenital Heart Disease Program
Assistant Professor of Medicine

Catherine Weinberg, MD
Clinical Instructor of Medicine

Cardiothoracic Surgery

Sunil Malhotra, MD
Assistant Professor of Cardiothoracic Surgery

Ralph Mosca, MD
George E. Reed Professor of Cardiac Surgery

Electrophysiology

Frank Cecchin, MD
Andrall E. Pearson Professor of Medicine and Pediatric Cardiology

Larry Chinitz, MD
Alvin Benjamin and Kenneth Coyle, Sr. Family Professor of Medicine and Cardiac Electrophysiology

Steven Fowler, MD
Assistant Professor of Medicine

Interventional Cardiology

Michael Argilla, MD
Associate Professor of Pediatrics

James Slater, MD
Robert and Marc Bell Professor of Cardiology

Cezar Staniloae, MD
Associate Professor of Medicine

Mathew Williams, MD
Associate Professor of Cardiothoracic Surgery and Medicine

Imaging

Leon Axel, MD, PhD
Professor of Radiology, Medicine, and Neuroscience and Physiology

Puneet Bhatla, MD
Assistant Professor of Pediatrics and Radiology

Muhamed Saric, MD, PhD
Associate Professor of Medicine

Larry Latson, MD
Assistant Professor of Radiology

Nurse Practitioners

Melissa Selesky MSN AGPCNP-BC
Clinical Cardiology

Arianna Gonzalez, MSN, ARNP, FNP-BC
Clinical Cardiology

Abigail Walsh, MSN, CPNP-AC
Pediatric and Congenital Heart

Catherine Bull, MSN, PNP-BC
Congenital Cardiac Surgery
