# *Celebrate* PARTNER WITH US ACHA's lifesaving work!

Please join us on Friday, October 11, 2019, for an unforgettable evening as we come together to celebrate the work of the Adult Congenital Heart Association and the future of congenital heart disease (CHD) across the country. The Adult Congenital Heart Association (ACHA) Houston Benefit will be attended by more than 250 individuals from Houston's corporate, medical, pharmaceutical and social communities who care about making a difference in the number one birth defect in the United States.

Founded in 1998, ACHA is the only organization whose mission is to improve and extend the lives of the millions of adults born with heart defects through education, advocacy and research. Congenital heart defects impact approximately 1 in 100 births. Fortunately, due to medical advances, people with CHD are now surviving and thriving into adulthood more than ever before — 1.4 million American adults are now living with CHD, and the population is growing by 5% annually.

Please partner and join us for an evening of celebration for the past and future of CHD. The evening festivities will begin with a reception and dinner, followed by an inspiring program and stories, and finish with music, dancing and a spectacular auction.
