Celebrate ACHA’s lifesaving work!

Please join us on Saturday, November 2, 2019, for a memorable afternoon as we come together to celebrate the work of the Adult Congenital Heart Association and the future of congenital heart disease (CHD) across the country. The Adult Congenital Heart Association (ACHA) Los Angeles Benefit will be attended by 150-200 individuals from Los Angeles’ corporate, medical, pharmaceutical and social communities who care about making a difference in the number one birth defect in the United States.

Founded in 1998, ACHA is the only organization whose mission is to improve and extend the lives of the millions of adults born with heart defects through education, advocacy and research. Congenital heart defects impact approximately 1 in 100 births. Fortunately, due to medical advances, people with CHD are now surviving and thriving into adulthood more than ever before — 1.4 million American adults are now living with CHD, and the population is growing by 5% annually.

Please partner and join us for an afternoon of celebration for the past and future of CHD. The festivities will include food stations, beer and wine, brewery tours, a silent auction, and music.
