Webinars Presents:

Ask an ACHD Specialist: COVID-19 Q&A

Tuesday, April 21, 2020, 8:00 – 9:00 p.m. EDT

Presenters: George Lui, MD, Jeremy Nicolarsen, MD, and Arwa Saidi, MD, BCh, MEd

About the Webinar
We hope you have found our three webinars on COVID-19 for the CHD community to be informative and helpful resources during this unprecedented period. As time passes, we know that there are still so many questions you may have. On Tuesday, April 21, at 8 p.m. EDT, please join ACHA for a full hour Q&A session with ACHD physicians George Lui, MD, Jeremy Nicolarsen, MD, and Arwa S. Saidi, MB, BCh, MEd. We hope you will join us for this informative session!

The presenters will be taking questions during the webinar, and you may also submit questions to webinars@achaheart.org. While they will try to answer as many questions as possible, we cannot guarantee we will be able to answer all questions during the webinar.

Please note: Our medical providers will not be able to answer any defect-specific questions. Please continue to contact your ACHD Team with questions of that nature.

This webinar is made possible in part by sponsorship support provided by Actelion Pharmaceuticals US.

About the Adult Congenital Heart Association
The Adult Congenital Heart Association (ACHA) is a national not-for-profit organization dedicated to improving the quality of life and extending the lives of adults with congenital heart disease (CHD). ACHA serves and supports the more than one million adults with CHD, their families and the medical community—working with them to address the unmet needs of the long-term survivors of congenital heart defects through education, outreach, advocacy, and promotion of ACHD research. For more information about ACHA, contact (888) 921-ACHA or visit www.achaheart.org.
