

# Adult Congenital Heart Association

Webinars Presents:

## The Ins and Outs of Heart Failure in Adults with Congenital Heart Disease

**Wednesday, February 10, 2021, 7 p.m. – 8 p.m. EST**

Presenter: Jonathan Menachem, MD

### **About the Webinar**

Due to improved treatment and surgical outcomes extending the lives of many CHD patients, heart failure in adult congenital heart disease (ACHD) is rising. If you'd like to learn more, you'll want to attend this webinar. Treatment options, including medications, transplant and mechanical support, will be discussed. While we don't know a lot yet, we are continuing to learn and successfully treat patients in need of advanced therapies. Register today to hear Dr. Jonathan Menachem tell us about heart failure in ACHD.

### **About the Presenter**

Dr. Jonathan Menachem, a member of the ACHA Medical Advisory Board, is a transplant cardiologist in the Division of Cardiology at Vanderbilt University. He is the Director of Advanced Congenital Cardiac Therapies (ACCT), which focuses on transplant and mechanical circulatory support for in ACHD. Dr. Menachem received a Bachelor of Science degree in economics from Duke University and his Doctor of Medicine from Tulane University School of Medicine. He completed an internal medicine residency at Duke University. He completed his general cardiology training with a dedicated ACHD year, as well as an advanced fellowship in Advanced Heart Failure and Transplantation, at the University of Pennsylvania.

### **About the Adult Congenital Heart Association**

The Adult Congenital Heart Association (ACHA) is a national not-for-profit organization dedicated to improving the quality of life and extending the lives of adults with congenital heart disease (CHD). ACHA serves and supports the more than one million adults with CHD, their families and the medical community—working with them to address the unmet needs of the long-term survivors of congenital heart defects through education, outreach, advocacy, and research. For more information about ACHA, contact (888) 921-ACHA or visit [www.achaheart.org](http://www.achaheart.org).
