

Adult Congenital Heart Disease (ACHD) - Faculty Search  
University of California, San Francisco, Division of Cardiology, Department of Medicine

The Cardiology Division at the University of California, San Francisco is seeking a board eligible/board certified Adult Congenital Cardiologist for a full-time faculty position. The selected candidate must hold a MD (or MD equivalent), MD/PhD, or MD/MPH degree and will be appointed at the level of Instructor, Assistant, Associate, or Full Professor in the appropriate academic series at the University based on qualifications and interests.

Our program works collaboratively with a multidisciplinary team of adult and pediatric cardiologists, adult and congenital surgery, congenital and structural intervention, electrophysiology, hepatology, advanced heart failure and pulmonary hypertension and high risk Maternal Fetal Medicine specialists including genetics providing state of the art and dedicated high quality services, attracting a large population of ACHD patients from all over Northern California. The selected faculty will contribute to the ACHD outpatient practices located at the Parnassus and/or Mission Bay campuses, the inpatient consult services as well as participate in the expansion of the existing Adult Congenital Heart Disease Program across the Bay Area. The faculty member will be required to supervise and teach residents, fellows and medical students rotating within the Division of Cardiology. It is preferable but not required that the selected candidate interpret and perform transthoracic and transesophageal echocardiograms related to complex ACHD. The ideal candidate will possess strong clinical competencies, leadership and organizational skills, and an academic interest in either research, teaching and / or quality improvement, and will be supported by the Division of Cardiology and Department of Medicine in advancing their professional growth in their area of interest.

Please apply online with CV, cover letter, statement of teaching, statement of contributions to diversity, and the contact information for three references at <https://apptrkr.com/3298792>. Applicants' materials must list current and/or pending qualifications upon submission. To receive full consideration, please submit all materials prior to the initial review date. However, this position will remain open until filled.

UC San Francisco seeks candidates whose experience, teaching, research, or community service that has prepared them to contribute to our commitment to diversity and excellence. The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status.
