

**Cardiologist- Adult Congenital Heart Disease Center
Heart and Vascular Institute**

An opportunity to join Cleveland Clinic whom is recognized in the U.S. and throughout the world for its expertise and care. Its heart center is also nationally ranked and recognized as the global leader in cardiovascular care.

The Heart and Vascular Institute at Cleveland Clinic is seeking a full time **Adult congenital Heart Disease (ACHD) Cardiologist** to support our growing team at the Cleveland Clinic. Patients come from all over the United States and the world for the advanced diagnosis and innovative treatments offered by our Congenital Center. Our Adult Congenital Heart Association (ACHA) accredited comprehensive care ACHD center include congenital cardiologist, interventionalists, surgeons, imagers, anesthesiologists, pulmonologists that work collaboratively to manage outpatient and inpatient patients with complex multisystem disease in a comprehensive and highly effective manner. We have specialized Cardio-Obstetrics and Congenital pulmonary hypertension clinics. This position will focus on outpatient adult congenital clinic to serve as a regional referral center. Interest in ACHD heart failure and transplant and clinical or basic science research is welcomed. Duties will include participating in the management of the adult surgical population preoperatively and postoperatively, caring for ACHD patients with end stage disease requiring heart failure and transplant needs and being an active member of the Congenital transplant team.

Seeking candidates that are ambitious, driven, and enjoy working with patients and are committed in contributing to the growth and long terms goals of the department. Opportunity for flexibility and to participate in teaching activities and other departmental initiatives also exist. A faculty appointment at a rank commensurate with experience is available at the Cleveland Clinic Lerner College of Medicine of Case Western Reserve University

Interested parties should apply online at jobs.clevelandclinic.org Please include your current CV when applying.

From its natural treasures such as Lake Erie and the Cuyahoga Valley National Park to its many entertainment and cultural attractions, Cleveland is the place to be! Cleveland is home to 3 professional sports teams along with the nation's second largest performing arts center, the world-renowned Cleveland Orchestra and the Rock and Roll Hall of Fame. We're also a foodie town that ranks high on the global culinary map.

Our melting-pot culture with affordable homes and top rated public and private schools and universities, Cleveland provides excellent resources to live and learn. Outstanding Healthcare, Technology and Innovation companies provide the backbone to Cleveland's growing economy.
