

Faculty Physician – Cardiologist: Adult Congenital Heart Disease

(Assistant, Associate, or Full Professor)

Minneapolis, MN

The Cardiovascular Division at the University of Minnesota is seeking a board-certified/eligible Cardiologist at the Assistant, Associate, or Full Professor rank. The division has a regional and national reputation and is seeking a candidate to expand its mission of adult cardiology clinical care, teaching, and research.

Position Highlights:

- Work closely with the leadership of the adult and pediatric cardiovascular divisions, cardiology service line, and Lilliehei Heart Institute to expand the University's adult congenital clinical and academic missions.
- Clinical efforts will include but are not limited to University of Minnesota Physician clinics, hospital service, outreach clinics and pediatric/ACHD Echocardiography.

Qualifications:

- Board eligible/certified in Internal Medicine or Pediatrics and Adult or Pediatric Cardiology
- Board eligible/certified in Adult Congenital Cardiology.
- Demonstrated high-level qualifications in education, research, and clinical care
- Candidates should be recognized for the provision of clinical excellence, a publication track record of successful research, and experience and knowledge in grant submissions for external funding.
- Licensed or ability to acquire medical license and DEA in the State of Minnesota, and meet threshold criteria/qualifications for credentialing and privileges.
- Ability to receive work authorization in the United States from the U.S. Citizenship and Immigration Services and maintain legal status according to the requirements of the VISA.

Pay and Benefits:

This role is dually employed by University of Minnesota Physicians and the University of Minnesota. Total salary is market competitive and based on AAMC salary benchmarks. Clinical salary, aligned with clinical effort, is provided through M Physicians. The base salary range for this position is \$330,000- \$618,000 commensurate with experience, qualifications, and cFTE. The salary from the University is dependent upon the academic effort of the person hired.

M Physicians provides the following benefits:

- Substantial 401K employer contribution.
- Well-being program including an annual spending allotment, peer coaching, counseling, and concierge services.
- Allowance for CME, license, board certification, and DEA fees.
- Malpractice insurance coverage.
- As a 501(c)(3) non-profit, we are a qualified employer for the Public Service Loan Forgiveness Program.

In addition, the University provides a comprehensive benefits package that includes low-cost medical, dental, pharmacy plans, and much more. Additional information can be found here: [M Physicians Benefits](#) and [University Benefits](#).

Additional Requirements:

An application for the corresponding academic component of this position should be submitted through the University's employment site: <https://hr.myu.umn.edu/jobs/ext/367227>

M Health and Clinical Partnerships

Providers practice at affiliated locations under the M Health Fairview shared care delivery system. This partnership represents a collaboration between University of Minnesota Physicians, University of Minnesota Medical Center and Fairview Health Services to build a nationally known academic health system that combines academic and community resources to provide the very best clinical care to patients and communities, while also supporting research and education across the joint healthcare delivery system.

University of Minnesota

The University of Minnesota is among the largest and most prestigious public research universities in the nation. The University Medical School is a world-class institution with a long history of leadership and discoveries that have changed the practice of medicine. The nearly 3,000 outstanding faculty members are committed to achieving excellence in research, clinical care, and developing the next generation of health professionals.
